Construction Activities and Upcoming Work

This week, Interwest Construction, Inc. (ICI) continued delivering material for Engineered Log Jam (ELJ) construction and started performing roadway and embankment excavation for the realignment of the new road and bridge that will be built at Tower Creek. Traffic is diverted to a single lane at Tower creek with an automated traffic signal running 24/7. For the next few weeks, ICI plans to prepare for pile driving operations for the new bridge foundation and partial bridge demolition at Tower Creek.

Impacts to Traffic

- Travelers can expect Temporary Traffic Control Flaggers and/or signals between MP 7 and MP 8 of Upper Hoh Rd
- Expect delays up to a total of 30 minutes per passage through the project corridor Monday through Friday from 8AM-5PM
- Olympic National Park and businesses along Upper Hoh Road will remain accessible at all times during construction.
