M.A. DeAtley

Construction, Inc

Clarkston, WA

**Notice to Proceed:**

May 3, 2022

**Fixed Completion**

**Date:**

October 25, 2024

U.S. Department  
of Transportation

**Federal Highway  
Administration**

## Project Description

Located on the South Entrance Road, this project includes construction of a double span 357-foot long steel girder bridge, 3 mechanically stabilized earth walls, removal of the existing Lewis River Bridge, stone masonry, roadway excavation, and paving.

## Work Schedule

Expect work 3:00 a.m. to 6:00 p.m., 6 - 7 days a week.

Source: FHWA

Upcoming work includes: placing concrete on the pier, in abutment 2 walls and abutment 1 footing. They will continue hauling material between the project site and South Entrance Pit.

## Traffic Delays

Anticipate up to 15 minute delays during construction activities. There will be a one-lane, two-way temporary traffic control zone. Be aware of stop lights for trucks entering the road at the South Pit.

This week the contractor continues placing the footing steel reinforcement in abutment 1 and building concrete forms for abutment 2 walls. They are finishing excavation on the North slope and crushing rock at the South Entrance Pit.
