

# Efforts at AAA Foundation

C. Y. David Yang, Ph.D.  
Executive Director

U.S. DOT Summit on Pedestrian Safety

July 15, 2020

## Research

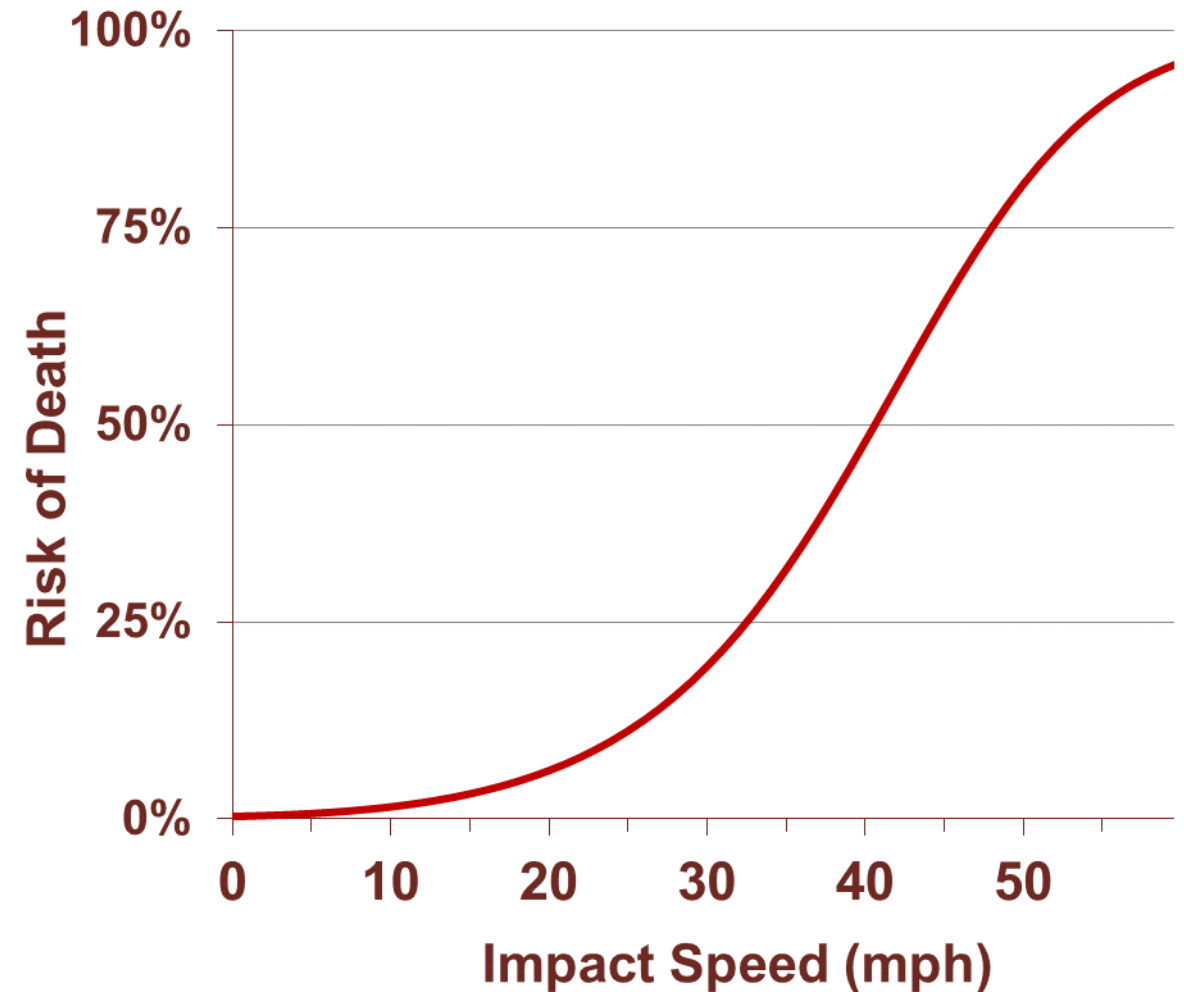

- Forthcoming research brief – contributing factors for pedestrian fatalities

## Collaboration

- Education via AAA
- Joint research with UTC
- Activities with national organizations

## Opportunities

- Holistic approach to address challenges
- Inclusion of various stakeholders, at various levels

Adapted from Figure 1 of Tefft (2012). Impact speed and pedestrian's risk of severe injury or death. *Accident Analysis & Prevention*.
