

AGENDA**FHWA Evaluation of Low-Cost Safety Improvements Pooled Fund Study
2017 Technical Advisory Committee Meeting**

June 14-15, 2017

Remote Participant Webinar: 1-877-336-1839, Participant Passcode: 9040936

https://connectdot.connectsolutions.com/elcsi_pfs_tac/**DAY 1 Wednesday, June 14th**

8:30 AM Morning SessionWelcome and Mission, *Carol Tan and Roya Amjadi*Introductions, *All*Background and Meeting Objectives, *VHB*Overview of 2017 Meeting and CEU Process, *VHB*Peer Exchange Topics, *All*Recent Results and Findings, *VHB*

ELCSI Pooled Fund Study

Development of Crash Modification Factors

Intersections*

 Overview of Progress on Evaluations Conducted to Date, *VHB* State Intersection Database, *Tracy Lovell, Kentucky* Automated Traffic Signal Performance Measures, *Scott Jones, Utah* Access management update, *Frank Gross, VHB* FHWA Intersection Efforts, *Jeff Shaw, FHWA***12:00 PM Lunch****1:00 PM Afternoon Session**

Data-Driven Safety Analysis*

 Overview of Progress on Evaluations Conducted to Date, *VHB* DCMF Focus Crash Types for Systemic Improvements, *RJ Porter, VHB* Using CMFs for Smart Scale and HSIP Project Portal, *Stephen Read, VA* Improving your HSIP: FHWA DDSA Technical Assistance Program, *Stuart Thompson, FHWA*

Update on TPF 5(361)- SHRP 2 Naturalistic Driving Study Pooled Fund: Advancing

 Implementable Solutions, *Charles Fay, FHWA*

Setting Performance Measures

 Overview of FHWA Requirements, *David Kopacz, FHWA* Wisconsin's Process and Questions on Performance Measures, *Brian Porter, Wisconsin*

*Session will provide opportunity to earn CEUs.

Other State's Perspectives

Minnesota's Approach

North Carolina's Approach

How is your State approaching this? What challenges have you overcome?

Lane Departure*

Overview of Progress on Evaluations Conducted to Date, *VHB*

State Lane Departure Implementation Plan, *Joe Santos, Florida*

High Friction Surface Treatment Experience and Challenges, *John Lasley, Arkansas*

State Preliminary Cable Barrier Evaluation, *Lisa Schletzbaum, Massachusetts*

Pavement Friction Management, *Jim Sherwood, FHWA*

FHWA Roadway Departure Efforts, *Cathy Satterfield, FHWA*

5:30 PM **Adjourn**

DAY 2 **Thursday, June 15th**

8:00 AM **Morning Session**

Recap of Day 1

Pedestrian and Bicycle Safety*

Overview of Progress on Evaluations Conducted to Date, *Daniel Carter, HSRC*

FHWA Pedestrian and Bicycle Programs and Initiatives, *Tamara Redmon, FHWA*

Pedestrian-focused Intersection Improvements, *Regina Doyle, New York*

Advanced Analysis to Improve Pedestrian Safety, *Jonathan Auerbach, Columbia University*

Safe Transportation for Every Pedestrian, *VHB*

Peer Exchange

This session will feature questions posed by TAC members to their peers. The purpose of this facilitated discussion is to share best practices and identify collective challenges.

Future Directions

Future Direction for the Pooled Fund Study, *Roya Amjadi*

ELCSI-PFS Phase X, *Karen Dixon and Raul Avelar Moran, TTI*

Advances in Statistical Analysis Techniques (A6), *RJ Porter, VHB*

12:00 PM **Lunch**

1:00 PM **Afternoon Session**

Systemic Approach to Safety*

Overview of Progress on Evaluations Conducted to Date, *VHB*

Systemic High Friction Surface Treatment, *Michael Turpeau, Georgia*

**Session will provide opportunity to earn CEUs.*

HFST Program Evaluation, *Matthew Keen, Volpe*

Districtwide Intersection Improvement Project, *Mark Thomas, Mississippi*

FHWA's Systemic Analysis Efforts, *Stuart Thompson, FHWA*

2:00 PM **Next Steps**

TAC Input Form

Peer Discussion on Future Evaluation Needs and Emerging Strategies

CEUs and Other Follow-up

2:30 PM ***Adjourn and depart for airports and hotel***
